## OBJECTIVES

I consider myself disciplined and self taught. Always I'm improving my programming skills. I have a solid value's formation and at my free times I like to read, to learn new habilities (informatics, marketing, foreign languages) and doing sports. I feel good when I help people around me.

There's my web above, check it out!

## LANGUAGES

- English – B2
- Spanish - Native

## PERSONAL PROJECTS

### MOVIE CART APP – (01/2021-02/2022)

- I developed a Movie Cart App only with HTML, CSS and Javascript, and this application consumes [The Open Movie Database \(OMDB\)](#) API. You can search any movie and you can save these movies to a favorite list. You must be logged in to use this app.
- ➔ Project URL: <https://movie-cart-app.herokuapp.com/>

### MURDER MYSTERY SQL – (08/2021-08/2022)

- This project consists of solving a problem which is to find who is a murderer in the database, to solve this I used SQL Server, I've used unions and subqueries to solve it.
- ➔ Project URL: <https://github.com/pieropr2k/Murder->

### CEPRE-UNI NOTES SIMULATOR – (10/2021-02/2022)

- I developed the Notes Simulator of CEPRE-UNI which is a pre-university institute. I've developed this with Java and Java Swing.
- ➔ Project URL: <https://github.com/pieropr2k/proyectPOOJava>

### PERSONAL PORTFOLIO – (04/2021-06/2022)

- This personal website is funcional and has a switch language button (English vs Spanish) and has a Dark Mode button where you can change the background color of the page. I've developed this website with React and Tailwind.
- ➔ Project URL: <https://pieropr2k.github.io/myPortfolio/>

## EDUCATION

### UNIVERSIDAD NACIONAL DE INGENIERIA (Lima, Perú) Computer Science 2019 – now
